Fluke LPAK80-4 Details

Fluke LPAK80-4

**** Discontinued
LockPak-meter Locking Kit

LPAK80-4 is designed for use similar to lockout, tagout procedures, and is especially useful for long term, unattended logging situations with the Fluke 180 Series Digital Multimeters.

The meter locking solution:

- |Kit includes a locking accessory
- |Attaches to back of a 187/189 meter or 724/725 to help deter theft
- |Accepts most common locks (not included)
- |One year warranty
